

## Ural spare parts catalogue, edition 2019

Valid from 1<sup>st</sup> of January 2019

This spare parts catalog shows the following Ural models in assembly units and sketches:

Tourist and solo with 650ccm engine and Tourist, Sportsman, Ranger, Solo, Retro and Retro Solo with 750cc engine.

This catalogue will make the ordering procedure for dealers efficient.

For ordering please only use our order form (which you find under [www.ural.cc/b2b](http://www.ural.cc/b2b) password: br0815ille) and use the short ID number and/or the longer spare parts number and please also name the title of the ordered part.

Never use the number of figure and position for ordering!

Ordering of coloured parts:

Please always indicate the colour, which you need. In case of orders of coloured parts without indication of the needed colour, we will send parts in colours of our own choice. We will send mainly black painted parts. In case the colour of the part finally is not convenient, we do not exchange to another colour on our expenses. So really indicate the colour.

DP (= dealer price):

Is the sales price only for authorized Ural dealers from stock Marchtrenk/Austria without shipping costs.

RP (= retail price net):

Is the recommended minimum sales price for customers without national tax/es.

We invoice 10% surcharge for 2-coloured or 3-coloured parts to dealers.

The code „LH“ (= left hand) within a part number or part description indicates that this part is intended for use on a motorcycle with the sidecar on the left side.

AA (= on request): These parts can principally not be ordered as single part and therefore are no price indicated. Sometimes the parts may be on stock. Please ask for price and availability when needed.

NAA (= not available anymore): These parts are not in production anymore and therefore not available anymore.

Changes in pricing could be possible during the year.

Some part numbers and prices were not available when this catalogue was designed.

Amendments and changes will be done per newsletter or via updates during the year.

Mistakes cannot be avoided and we reserve ourselves therefore.

Please inform us, when you discover misprints or errors.

All previous spare parts catalogues are not valid anymore. The next one will

All previous spare part catalogues are not valid anymore; do not use old catalogues anymore.
